

The Thing I Love

Pixie Lott

You you ain't never got time you're rushing when I call
You you be standing there acting like it's not your fault
Baby you drive me crazy
Now how come you so damn lazy
I don't like it better, I put up with it
So baby don't you change no
No baby cause you hurt so good
No baby cause you hurt
And I love to love you
Love to love you
Love to love you
This a thing I know
It's the making up for like every time we fight
That's the thing I know
You be giving me the peace that's the way it is
And I really love it babe
You you're what I need
You're so good
I can't believe it
Oh and I never get enough
Baby that's because
That's the thing I love
That's the thing the thing I love
That's the thing the thing I love
That's the thing the thing I love
That's the thing I love

You you ain't taking me out
You're always working late
You better be rushing it always saying
I love you babe
The less you give attention
The more my heart's affection
I don't like it better, I put up with you
Baby stay the same yeah

No baby cause you hurt so good
No baby cause you hurt
And I love to love you
Love to love you
Love to love you
That's the thing I know
It's the making up for like every time we fight
That's the thing I love
You be giving me the peace that's the way it is
And I really love it babe
You you're what I need
You're so good
I can't believe it
Oh and I never get enough
Baby that's because
That's the thing I love

But I love how you're holdin me
I love how it makes me feel
You know I know you push me to the edge
Oh I love you so

And I love when you're touching me
I love how you make me feel
Even though you keep pushing the same old line
That's the thing I love
It's the making up for like every time we fight
That's the thing I love
You be giving me the peace that's the way it is
And I really love it babe
You you're what I need
You're so good
I can't believe it
Oh and I never get enough
Baby that's because
That's the thing I love

That's the thing the thing I love
That's the thing I love
Baby, that's the thing the thing I love
Oh
Baby, that's the thing the thing I love
Oh oh oh oh oh oh oh
Baby, that's the thing the thing I love
Love
Baby, that's the thing the thing I love
