

# Wake Up

Pixie Lott

You're feeling lonely  
Thinking nobody loves you  
Maybe you just need to love yourself a little more!  
All your insecurities, no, no  
Beat you up inside, no, no, no  
You're beautiful, so go let it shine, oh, oh!

I see you looking at this colour, all you see is gray  
Girl, can't you see the rainbow through the rain?  
(Don't you know, girl?)

You're more than your fancy clothes  
More than the friends you know  
More than your make-up  
Better wake up and this is crazy, yeah!  
Forget about this fantasy  
Cause you got personality  
I love you for whom you are!

(Underneath, underneath  
Underneath, underneath  
Underneath, underneath)

Better inside or the outside  
Show your true colours to the world!  
(Underneath, underneath)  
You're standing up cause  
People are different  
(Underneath, underneath)  
Wouldn't it be boring if everyone was the same?  
Hey, yeah!

Don't let a person don't let you for your inner beauty  
So start to love you and you don't need to give me your body  
(I thought you know, girl!)

You're more than your fancy clothes  
More than the friends you know  
More than your make-up  
Better wake up and this is crazy, yeah!  
Forget about this fantasy  
Cause you got personality  
I love you for whom you are!  
Underneath

You're more than your fancy clothes  
More than the friends you know  
More than your make-up

Forget about this fantasy  
Cause you got personality
