

## Human Crime

Pixies

I'm sorry I missed you  
I was already gone  
No goodbye kiss  
No one for me to lean on  
Into the blue sky  
Takes me far away  
Into the sunset  
Rising in from another day

Don't you be unkind  
That's a human crime  
Don't you be so blind  
It'll come back to you sometime

I went round your place  
There was nobody there  
At the cocktail lounge  
Someone else was in your chair  
Now even the sunshine  
Feels like misery  
Even the blue skies  
Are falling down on me

Don't you be unkind  
That's a human crime  
Don't you be so blind  
It'll come back to you sometime  
Don't you be unkind  
That's a human crime  
Don't you be so blind  
It'll come back to you sometime

Don't you be unkind  
That's a human crime  
Don't you be so blind  
It'll come back to you sometime  
Don't you be unkind  
That's a human crime  
Don't you be so blind  
It'll come back to you sometime

Come back to you sometime  
Come back to you sometime
