

Kings of the Prairie

Pixies

If you feel forgotten
If your bacon's rotten
If you're lacking lust and feeling oh so blue

Maybe a little of what we got
Maybe you could use a whole lot
Not only doo wop cuz that's not just what we do

The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming to you
The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming it's true

We're on our way
On our way to you
We're on our way
On our way to you

Maybe a little of what we got
Maybe you could use a whole lot
Not only doo wop cuz that's not just what we do

The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming to you
The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming it's true

The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming to you
The Kings of the Prairie
The Kings of the Prairie
The Kings they are coming it's true

We're on our way
On our way to you
We're on our way
On our way to you
We're on our way
On our way to you
