

# Mambo Sun

**Pixies**

Beneath the bebop moon  
I want to croo  
With you  
Beneath the Mambo Sun  
I got to be the one  
With you, with you

My life's a shadowless horse  
If I can't get across  
To you  
In the alligator rain  
My heart's all pain  
For you, for you

Girl you're good  
And I've got wild knees  
For you  
On a mountain range  
I'm Dr. Strange  
For you, for you

Upon a savage lake  
Make no mistake  
I love you  
I got a powder-keg leg  
And my wig's all pooped  
For you, for you

With my head in my hands  
I'm a hungry man  
For you  
I got stars in my beard  
And I feel real weird  
For you

Beneath the bebop moon  
I'm howling like a loon  
For you  
Beneath the Mambo Sun  
I've got to be the one  
For you, for you
