We're the PIXY
We're the PIXY

If you give me the shiny wings
Before the red-moon opens it's eyes
Then I will give you
New pairs of shiny wings
But if you choose not to
Give me the wings
I will curse you
And everyone around you

Heavier than the night
Shaking in fear
Left me deep scars
So I cover my eyes

Day is behind the night
A small voice
Whispers in my ear
"Come here quickly"

Calls me far far away
Endless whispers wakes me up
Small mark above my shoulders
The evidence of my wings

There's no other way I'll even walk in to the forest of thorns
I wanna know
What I will gain & loose
At the end of this road

It's me and you
You and I are WE now
I found my wings
Survive the night and bloom like a flower

(Spread my wings)
I'll become the light and wake up
(Spread my wings)
With the wings you've given me
And the wind you've blown inside me
I'll ride it and from here
Fly away now

Higher and farther
With my wings I'll fly

Light it up brighter than
The moon in the night sky

The way we wanted
Just like this
With my wings
We'll be together

The red-moon rises
I can feel the cold air
No room the escape
The looks in their eyes choke me, like sin

Spread my wings that have been given me
But the broken wings torture me
Keep it up high
You whisper "Trust yourself"

I'll be with you
Let's dream of us together
I found my wings
Reborn like the Sun rising from the darkness

(Spread my wings)
You're the air filling me up
(Spread my wings)
With the wings you've given me
And the wind you've blown inside me
I'll ride it and from here
Fly away now

Higher and farther
With my wings I'll fly
Light it up brighter than
The moon in the night sky

The way we wanted
Just like this
With my wings
We'll be together

Twilight spreads across the sky
And something is hidden far beyond
I hope to be together as we go where our memories lead us
Cause you're my wings

Higher and farther
With my wings I'll fly
Light it up brighter than
The moon in the night sky

Higher and farther
With my wings I'll fly
Light it up brighter than
We're the PIXY
We're the PIXY
