

Shine On Everyone

PJ Masks

Connor, Greg, and Amaya
No three friends are finer
Together 'til the end
We are all the best of friends

Friends by day, heroes by night
In darkness or light
PJ Masks unite to do what's right

School, parties, and our playground
The sun is out, take a look around
We'll have fun when the sun
Shines on everyone
On everyone

I've got your back, you've got mine
Let's go play in the sunshine
Everything's always better
Better when we get together

We're best friends when the day ends
And the sun's away
We are the heroes who will save the day

School, parties, and our playground
The sun is out, take a look around
We'll have fun when the sun
Shines on everyone
On everyone
On everyone
