

The Power Of Friendship

PJ Masks

It's a sticky situation and we're running out of time, whoa ohh

I'm Owlette

I'm Gekko

But the PJ Masks will never leave a friend behind, whoa oh ohh

I'm Catboy

We can count on one another up until the very end

'Cause the PJ Masks are all best friends

We're superhero team that's like no other

With a super secret weapon we keep undercover

It's the power of friendship that keeps us together

It's our super secret weapon

Yeah, the power of friendship that keeps us together

It's our super secret weapon

We're gonna stick together no matter the danger

'Cause the PJ Masks are friends forever

It's the power of friendship that keeps us together

It's our super secret weapon
