

## Don't Ever Leave

PJ Morton

Please don't walk away from me, oh baby stay with me  
Don't go, don't leave, just stay with me  
Please don't walk away from me, oh baby stay with me  
Don't go, don't leave, just stay with me

Hello again, lets make amends  
Don't wanna pretend anymore that I'm not missing you like crazy  
Never mind the other time  
Lets start it fresh, first make one promise to me  
Don't ever leave

Don't ever leave, don't ever leave, don't ever leave me, don't  
ever leave  
Don't ever leave, don't ever leave, don't ever leave me, don't  
ever leave  
Don't ever leave me, don't ever leave, don't ever leave me, don'  
't ever leave  
Don't ever leave me, don't ever leave, don't ever leave me, don'  
't ever leave

Give you my heart if you give me yours too  
I promise to do everything that I can do  
To make you smile one million times  
If it's not enough, I'll keep on trying  
Just make one promise to never leave

Don't ever leave, don't ever leave, don't ever leave me, don't  
ever leave  
Don't ever leave, don't ever leave, don't ever leave me, don't  
ever leave  
Don't ever leave me, don't ever leave, don't ever leave me, don'  
't ever leave  
Don't ever leave me, don't ever leave, don't ever leave me, don'  
't ever leave  
...

Please don't walk away from me, oh baby stay with me  
Don't go, don't leave, just stay with me  
Please don't walk away from me, oh baby stay with me  
Don't go, don't leave, just stay with me  
...
