

Give The People What They Want

PJ Morton

You got to give the people
Give the people what they want
You got to give the people
Give the people what they want

But I done been all over the world
And everybody feels the same
It's a unanimous decision
I said they're ready for a change

You got to give the people
Give the people what they want
You got to give the people
Give the people what they want

Well, it's about time for things to get better
Want the truth, the truth, and no more lies
We want freedom, justice and equality, yeah
I want it for you and I want it for me

Got to give the people
Give the people what they want
You got to give the people
Give the people what they want

It's about time for things to get better
We want the truth and no more lies
We want freedom and justice and equality, yeah
I want it for you and I want it for me

Got to give the people
Give the people what they want
You got to give the people
Give the people what they want

Give the people what
Give the people what
Give the people what
Give them what they want
Give the people what
Give the people what
Give the people what
Give them what they want

Give the people what
Give the people what
Give the people what
Give them what they want
Give the people what
Give the people what
Give the people what
Give them what they want

Give the people what
Give the people what
Give the people what
Give them what they want

Give the people what
Give the people what
Give the people what
Give them what they want
