

# My Superstar

PJ Morton

Under a rock (under a rock)  
Or under a tree (tree)  
I'm trying to find (trying to find)  
The one for me  
I'm looking high (I'm looking high)  
And I'm looking low (low)  
Where you are (where you are)  
I just don't now

But I know you're out there so  
Come out, come out, come out where ever you are (do you know?)  
Do you know who you are  
You're my superstar (superstar)  
I know you out there so  
Come out, come out, come out where ever you are (do you know?)  
Do you know who you are (who you are)  
You're my superstar (superstar)

Up in the sky (up in the sky)  
Over the clouds (way up high)  
I'm shouting loud (I'm shouting loud)  
Do you hear me  
I'm fishing deep  
Deep in the sea (in the sea)  
I'm trying to catch the right one for me

I know you're in there so  
Come out, come out, come out where ever you are (do you know?)  
Do you know who you are  
You're my superstar  
I know you're in there so  
Come out, come out, come out where ever you are  
Do you know who you are (do you know who you are?)  
You're my superstar (superstar)

Come on out here please  
Come out, come out, come out where ever you are  
Do you know who you are (who you are)  
You're my superstar (superstar)

Don't have to be afraid  
Come out, come out, come out where ever you are (do you know?)  
Do you know who you are  
You're my superstar (superstar)  
Hello, hello  
Are you there (are you there)  
Hello are you there  
Are you there (are you there)  
He, he, he  
Hello (hello), hello (hello)  
Are you there (are you there)  
Hello are you there  
Are you there (are you there)  
He, he, he  
Come out, come out, come out where ever you are (do you know?)  
Do you know who you are (who you are)  
You're my superstar (superstar)

Come on out  
Come out, come out, come out where ever you are  
Do you know who you are  
You're my superstar
