

Over And Over

PJ Morton

Here I come once again
Knowing that I haven't done everything
That You would like me to do for You
So it's confusing 'cause You never stop doing what You do

You keep on blessing me over and over (Again)
Even when I'm not deserving
You keep on blessing me over and over (Again)
Even when I'm not deserving

When I was sick in my body, You made me well
There are many more things that I can tell
And I'm just so grateful You're always there
You never gave up on me and I didn't care

You bless me over and over again
Over and over again
Even when I'm not deserving
Can we say it again?
You bless me over and over again
Let Your grace unbound, I am so grateful
Even when I'm not deserving (Grateful, grateful)

You bless me over and over
Over and over
Over and over again
You bless me over and over
Over and over again, oh
You bless me over and over
Over and over
Over and over again
You bless me over and over
Over and over again
Come on and help me say
You bless me over and over (Over and over)
Over and over (Over and over)
Over and over again
You bless me over and over (Over and over)
Over and over again (Over and over)
He blessed me over (Over and over)
Over (Over and over)
Over (Over and over)
Can I get a witness?
You bless me over (Over and over)
Over again (Over and over)
Over (Over and over)
Yes He will (Over and over)
Yes He will (Over and over again)
Oh, over (Over and over)
(And over again)

You bless me over and over again
Even when I'm not deserving
