

# Please Be Good

PJ Morton

Aye, aye, aye, aye  
Yeah, yeah-yeah, uh

I've been on the go, working so hard  
I think I need a break  
Yep  
Every now and then, it gets too much  
Much more than I can take  
Yeah  
So take me to another place  
Somewhere far away  
I don't need to be in control  
I just want to let go

So please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me, oh, no

I don't require much attention  
I just need a little time  
Yeah  
I'll be back to myself in a minute  
I just need to clear my mind

So can you take me to another place  
Somewhere far away?  
And I don't need to be in control  
I just want to let go

So please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me, oh, no

Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me  
Please be good to me, oh, no
