

Repay You

PJ Morton

I have so many friends that are no longer here
Why He took them away and left me here, I'm not clear
I guess I have more to do and He has more assignments for me to complete
I still can't believe, that You want to use me

'Cause I often fall down and I'm so imperfect
But You still love me when I feel I'm not worth it, ooh

It coulda been me, dead and gone
But You never left me here all alone
And I'll never be able to repay You
For all You've done
You didn't have to do it but You still did
And I wasn't worthy of any of it
And I'll never be able to repay You
For all You've done

I am forever indebted to You
I'll go where you lead, what You say, I will do
You see in me what no one else could ever see
I fully surrender even when I don't understand

'Cause I often fall down and I'm so imperfect
But You still love me when I don't deserve it, ooh

It coulda been me, dead and gone
But You never left me here all alone
And I'll never be able to repay You
For all You've done
You didn't have to do it but You still did
And I wasn't worthy of any of it
And I'll never be able to repay You
For all You've done

I'll never be able to repay You, yeah
Would take an eternity, yeah
'Cause You've been that good to me
I'll never be able to repay You
It would take an eternity, yeah
'Cause You've been that good to me

And I'll never be able to repay You
It would take an eternity, yeah
'Cause You've been that good to me
If I had everything in the world
I would never, never be able to repay You
It would take an eternity
'Cause You've been that good to me
Let me make you hear me, God
I'll never be able to repay You
It would take an eternity
'Cause You've been that good to me

It coulda been me, dead and gone
But You never left me here on my own
And I'll never be able to repay You
For all You've done

You didn't have to do it but You did
And I wasn't worthy of any of it
And I'll never be able to repay You
For all You've done
