PJ Morton

Yeah, yeah  
Oh, ya-ya-ya, yeah-huh

Can't figure out how we arrived here  
(Can't figure out how we arrived here)  
I thought we'd never be apart  
(I thought we'd never be apart)  
We used to be so picture perfect  
(We used to be so picture perfect)  
Now, all the good days seem so far  
(Now, all the good days seem so far)  
Yeah, yeah, yeah

Rain, rain, go away  
Please come back on another day  
I don't want us to end this way  
I need my bae, my baby  
Please come back, back to me  
So at least we could see  
If it all was a fantasy  
Or are we meant to be?

'Cause I'm so lonely, bae  
Without you, girl, yeah  
I'm so lonely (Lonely, lonely)  
Without you, girl, yeah

Just tell me what I gotta do now  
(Tell me what I gotta do now)  
To get you back inside my love  
(Get you back inside my love)  
Don't wanna live my life without ya  
(Wanna live my life without ya)  
You're the only one I'm thinking of  
(The only one I'm thinking of)  
Yeah, yeah, yeah

Rain, rain, go away  
Please come back on another day  
I don't want us to end this way  
I need my bae, my baby  
Please come back, back to me  
So at least we can see  
If it all was a fantasy  
Or are we meant to be?
