

Hardly Wait

Placebo

I can hardly wait I can hardly wait I can hardly wait I can hardly wait
It's been so long I've lost my taste Say angel come, say lick my face
Let fall your dress I'll play the part I'll open this mouth wide, eat your heart

I can hardly wait... Lips cracked dry Tongue blue burst Say angel come,
said lick my thirst It's been so long I've lost my taste Here Romeo, make my world as great

In my glass coffin I'm waiting In my glass coffin I'm waiting In my glass coffin I'm waiting...
