Deeper And Deeper

Plain White T's

Underneath the red, white and turquoise sky
I could see the sun setting in your eyes
Close 'em up tight as your lips meet mine
I can feel a heart speeding 4/4 time

From your painted toes to your fingertips
I can feel the heat on your summer skin
Rhythm of the waves makes you move your hips
If you say the word then I'll dive right in

'Cause we're in love
We're in love

Deeper and deeper I sink into you
There's not a thing in this world I won't do
For you, to the bottom I'd sink for you
Deeper and deeper

Sitting in the shadows of the midnight moon
Even silhouetted you're beautiful
Sky is full of diamonds, they shine for you
Come a little closer and I'll shine too

'Cause we're in love
We're in love

Deeper and deeper I sink into you
There's not a thing in this world I won't do
For you, to the bottom I'd sink for you
Deeper and deeper

I don't wanna die or do what I'm told
But if I gotta grow up and I gotta get old
I wanna do it with you
I wanna do it with you
And if the waves get high and they cause a commotion
We could live our lives on the floor of the ocean
Wanna do it with you
I wanna do it with you

Deeper and deeper I sink into you
There's not a thing in this world I won't do

Deeper and deeper I sink into you
There's not a thing in this world I won't do
For you, to the bottom I'd sink for you
Deeper and deeper
Deeper and deeper
Deeper and deeper
