

## Hold On

Plain White T's

This will be the hardest part we may ever know  
I don't wanna leave, but we both know I have to go  
So don't you cry when we say goodbye, don't make this hard on me  
Just close your eyes and kiss me before I leave

And just hold on, hold on to me  
And just hold on, hold on to me  
Don't let go

You are everything I have, everything I know  
And even though you're here, you're with me everywhere I go  
So don't you cry when we say goodbye, don't make me miss you more  
Cause this will always be worth waiting for

So just hold on, hold on to me  
Yeah just hold on, hold on to me

Even when it seems like you're alone, don't let go  
Cause every night I dream about you

This will be the hardest part we may ever know  
So just hold on, hold on to me  
Yeah just hold on, hold on to me  
Yeah just hold on, hold on to me  
Girl just hold on, hold on to me  
Girl just hold on, hold on to me  
Yeah just hold on, hold on to me  
Don't let go
