

# Sick Of Love

Plain White T's

Take me out  
Take me someplace broken people go  
Nice and dark  
You should know, you should know  
I'm impatient  
Got no expectations  
Emotionally vacant  
Let's go, let's just go

Love was something I used to believe in  
I've been burned too many times before  
Hope is fading, my heart needs replacing  
It can't feel a thing anymore

I'm so sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
So sick of love  
I'm so sick of love

Let's keep driving  
Let's keep neverminding the world  
We can hide  
Just stay low, just stay low  
Salty lashes  
Behind these sunglasses  
There's no coming back  
Once we go, once we go

Love was something I used to believe in  
I've been burned too many times before  
Hope is fading, my heart needs replacing  
It can't feel a thing anymore

I'm so sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
So sick of love  
I'm so sick of love

I'm so sick of love

Take it step by step  
Take it day by day  
Take it line by line  
Push it all away

I'mma drink this drink  
Till I lose my mind

Every girl I know  
Leave 'em all behind

Love was something I used to believe in  
I've been burned too many times before  
Hope is fading, my heart needs replacing  
It can't feel a thing anymore

I'm so sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
(Love! La-la-la-la-la)  
So sick of love  
So sick of love  
(Hey!)

I'm so sick of love  
I'm so sick of love  
I'm so sick of love
