

All for Nothing

Plan Three

The lights showing in your face
Bear the sights of a cold embrace
Do you stop when someone else around you
Is falling

Faith is in our way
They wore you out and cut you down
Everything just seems too far away

Taking hits without bleeding
I walk away without leaving
Is it one for all and all for nothing?

If you hide everything inside
Do you fool everyone around
When you crash
You think there's someone there
To save you

Do you know the pain I feel
And it grows
Is it help I need when I cry
Will you be the one that I surrender to
(The one, the one)

And faith is in our way
He wore you out and cut you down
Everything just seems too far away

(Oh)

I'm taking hits without bleeding
I'll walk away without leaving
Is it one for all and all for nothing?
Turn the page but I'll be there
I fill my lungs without breathing
Is it one for all and all for nothing?

All that is lost
Will be revealed
Crying out by the weaker
To show that you feel
Don't need to know
Don't need to hope
When living life at the bottom
There's nothing left to show

Closing my eyes and I'm seeing
I'm wide awake when I'm dreaming
Now is it one for all and all for nothing?

Turn the page but I'll be there
I fill my lungs without breathing
Is it one for all and all for nothing?

(Is it one for all and all for nothing?)

Do you know the pain I feel
And it grows
Is it help I need when I cry
It's always one for all and all for nothing
