

Oblivion

Plan Three

So it's time we start crossing the borderlines
We emerge from light alright
You were hunting for memories out of sight
Did you seek them out or not

We don't need to talk about it
We know nothing of those lies
Telling stories and we're not in them
But we know what's going down

Oblivion
Don't leave us out we want to matter
Oblivion
Are we out of time

And tonight I can feel every staring eye
I've been compromised it's time
I was searching for ways to make truth of lies
Will it make it right or not

Conversation never happened
I'll deny it until I die
Stay a little out of focus
And you never have to try

Oblivion
Don't leave us out we want to matter
Oblivion
Are we out of time
Oblivion, yeah, oblivion

Oblivion
Don't leave us out we want to matter
Oblivion
Are we out of time
Oblivion
Oblivion
Let us stay in the final chapter
Oblivion
Are we out of time
Oblivion, yeah, oblivion
Oblivion
