

Save Me

Plan Three

So you like to talk
I like to listen hard
Speak now or forever shut up
My cloak and dagger style
Looks better when I fly
See me run around in circles
(Round and round)

I'm tired of this endless illusion
It's time I find a better solution
For my pain
Can't do it alone, so save me
Can't do it on my own
So save me

See I can play your game
So let it all begin
A drumroll please
So close your curtains
Oh I like your smile
Both innocent and wild
Watch as my walls are falling down
(Down, down)

I'm tired of this endless illusion
It's time I find a better solution
For my pain
Can't do it alone, so save me
Can't do it on my own
So save me

I'm tired of this endless illusion
It's time I find a better solution
For my pain
Can't do it alone, so save me
Can't do it on my own
So save me
