

Paper Feathers

Planet Funk

Walking in the dark
Staring at the sky
This is not my life, thinking this is not my life
Walking in the dark
Staring at the sky
This is not my life, thinking this is not my life
When I was younger, Was I stronger?
Now I'm elder
I don't know, I don't know...
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
Walking in the dark
Staring at the sky
This is not my life, thinking this is not my life
Walking in the dark
Staring at the sky
This is not my life, thinking this is not my life
When I was younger, Was I stronger?
Now I'm elder
I don't know, I don't know...
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
Things slipped away forever
Rising up on paper feathers
Why did I let them go?
