

## Paraffin

Planet Funk

You were vanishing like paraffin  
So you had to go back under  
Flight B208 had been delayed  
So you had to go back under

Our plane took off in pounding rain  
I looked at you and we exchanged

I love my sister's touch  
a loudspeaker's up above  
Oh lady suck in deep from our paper  
come somehow , oh no oh no oh no

it's still through rain and window panes  
and you oh ohooooo.....x 2
