

## You Remain

Planet Funk

Tick tock never stop never wanna get enough  
Out of dark out of space nothing fades away  
Come undone  
So come with me ill come with you  
Saving grace from your face escaping from the cages  
Of a place we left behind  
Come along  
When you asked me yesterday what wanna do today  
I wanna say I believe in every single day  
Realise

Because we don't know what we're gonna be  
We just see what we wanna see  
Feel your blood running through your vein  
You will have to go through this pain  
You remain, you remain  
You, you, you, you, you, you

Tick tock never stop never wanna get enough  
Picture you far away counting down the days  
Come alive  
Saving me saving you all the things you wanna do  
Serious delirious you're dancing through the night  
Come on home

Because we don't know what we're gonna be  
We just see what we wanna see  
Feel your blood running through your vein  
You will have to go through this pain  
You remain, you remain  
You, you, you, you, you, you

You remain, you remain, you remain, you remain

Tick tock never stop never wanna get enough  
Far the dark out of space nothing fades away  
Come undone  
Saving me saving you all the things you wanna do  
Serious delirious you're dancing through the night  
Come undone  
Tell me how you doing, Tell me how you doing, Tell me  
how you doing  
you told me yesterday, you told me yesterday  
Come undone, come alive
