

## Levittown

Planet P Project

We got room to spare  
A two-car garage  
Baby on the way-o  
Fridgidair extra large  
Everything's goin' our way-o  
We got mouths to feed  
Work to do  
A chicken in every pot, yeah  
So look at me lookin' at you  
And look at what we've got

And if you're happy  
Then I'm happy  
I'm so happy I could scream  
It's the american dream...

We're gonna live in levittown  
We're gonna make it in levittown  
We're gonna live in levittown  
Yeah, we're gonna be all right

I like Ike, I like to win  
Hold my head up high-o  
There's nothin' like being american  
Apple pie in the sky-o  
I got no Reds under my bed  
I ain't no union man, no  
Got a new tv aimed at my head  
And it ain't made in japan, joe

We're happy, so happy  
We're so happy we could scream  
It's the american dream  
(Repeat refrain)

And if you're happy...
