

What Artie Knows

Planet P Project

Well he must have his reasons
He must have a master plan
Since he took away the seasons
And replaced the common man
With a face that never ages
Lips that do not speak
A book with many pages
No one dares to peek

Oh, he's righteous and just
In Artie we trust, he knows it all
Oh, what Artie knows that we don't
Artie does what we won't
Artie knows it all, knows it all

His ways are so mysterious
His manner can't be read
Artie the enigma
Knows he's better dead than read
And he watches over all the little children in his
flock
Artemis the little boy
The boy who couldn't talk

Oh, he's righteous and just
In Artie we trust, he knows it all
Oh, what Artie knows that we don't
Artie does what we won't
Artie knows it all, he knows it all
Artie knows it all...

Artie knows that we don't
Artie does what we won't
Artie knows that we don't
And Artie does what we won't

Oh, he's righteous and just
In Artie we trust, he knows it all
Oh, what Artie knows that we don't
Artie does what we won't
Artie knows it all, he knows it all
