

All I Need

planetboom

You are everything to me
I know Your love is all I need
I choose to rely on Your presence
I step in, I step in

I can't believe what You have done for me
You've shown me how to receive it
I choose to rely on Your presence
I step in, I step in

Only You can change my heart
Only You can satisfy me
Jesus, You're all I need

You are everything to me
I know Your love is all I need
I choose to rely on Your presence
I step in, I step in

Only You can change my heart
Only You can satisfy me
Jesus, You're all I need, yeah yeah
Come and fill me with Your love
Saturate and fill me up
Only You can satisfy me
Jesus, You're all I need

I give You all the praise, in every circumstance
Oh, I won't be ashamed, I won't hold it back
You are, You are, holy
You are, You are, mighty
I give You all the praise, in every circumstance
Oh, I won't be ashamed, I won't hold it back
You are, You are, holy
You are, You are, mighty

Only You can change my heart
Only You can satisfy me
Jesus, You're all I need
