planetboom

This is how I praise You  
I throw my hands up  
To You, my Saviour  
I'm gonna stand up  
And give You everything, everything  
Everything, all that I am

This is how I praise You  
I'm going all in  
Yeah, I'm on fire  
I'm gonna dive in  
And give You everything, everything  
Everything, all that I am

Cause I'm in love with You  
Yeah, I'm in love with You  
For all You've brought me through  
My praise belongs to You

This is how I...

'Cause You're amazing  
And You are greater  
You're everlasting  
And You are everything, everything  
Everything, Jesus, You are

Cause I'm in love with You  
Yeah, I'm in love with You  
For all You've brought me through  
My praise belongs to You
