

# I Am Found

planetboom

I'm looking to You  
My heart is open  
I'm desperate for You  
To have Your way in me  
You turn it all around  
In Your presence, I am found

You heal my heart  
Over and over  
You restore my soul  
You're my comfort in the storm  
You turn it all around  
In Your presence, I am found

You've never failed me  
And You're not starting now  
You overwhelm me  
With Your unfailing love  
And I know that You  
Can turn it all around

Your strength is made perfect  
In the presence of weakness  
Your grace is sufficient  
Irrespective of what I face  
You turn it all around  
In Your presence, I am found

You've never failed me  
And you're not starting now  
You overwhelm me  
With your unfailing love  
And I know that You  
Can turn it all around

In Your presence, I am found  
I belong to Jesus  
All I am is Yours  
There's nowhere else I'd rather be  
Than here with You  
In Your presence, I am found  
I belong to Jesus  
All I am is Yours  
There's nowhere else I'd rather be  
Than here with You  
In Your presence, I am found

Jesus, we love You  
We are found in You  
You're so, so good to us  
Fill us to overflow  
Thank You, Jesus  
Would you sing it out?

My heart is filled with Your love  
Your love is not giving up  
Jesus, You are all I live for

I'll never turn back from You  
I'm living in Your breakthrough  
Jesus, my Jesus  
My heart is filled with Your love  
Your love is not giving up  
Jesus, You are all I live for  
I'll never turn back from You  
I'm living in Your breakthrough  
Jesus, my Jesus

Yeah  
Oh, we worship You, we worship You  
Yeah, yeah, yeah  
There's no one like You, there's no one like You, there's no one like You  
I'm Yours, I'm Yours

I belong to Jesus  
All I am is Yours  
There's nowhere else I'd rather be  
Than here with You  
In Your presence, I am found  
In Your presence, I am found  
In Your presence, I am found  
In Your presence, I am found
