Judges Chapter 20, verse 18

Before the battle

The Israelites went to Bethel and asked God

"Which tribe should go first to attack the people of Benjamin?"

The Lord answered, "Judah is to go first"

We heaven sent

Right from the throne

We called by God

We in the zone

Been in the trenches

But we coming out strong

Got our praise on

On and on, never stop

'Cause I could do this all day

I hear a battle cry

You hear that battle cry?

We got that battle cry

And it goes like

Rock of ages

King on the throne

All dominion is Yours alone

Lion of Judah

Breaks every chain

'Cause God You're good and

Forever You will reign

We heaven sent

We got the crown

And the walls are coming down

'Cause God is with us

And we coming out strong

Victory is won

Everybody shout

Yeah I could do this all day

Marching on with the victory

We already won with our G-O-D

Saying woah

This a winners song, woah

Marching on with the victory

We already won with our G-O-D

Saying woah

This a winners song, woah

And it goes like

Rock of ages

King on the throne

All dominion is Yours alone

Lion of Judah

Breaks every chain

God You're good and

Forever You will reign

And it goes like

I hear a battle cry  
You hear that battle cry?  
We got that battle cry  
And it goes like

Rock of ages  
King on the throne  
All dominion is Yours alone  
Lion of Judah  
Breaks every chain  
God You're good and  
Forever You will reign

Rock of ages  
King on the throne  
All dominion is Yours alone  
Lion of Judah  
Breaks every chain  
God You're good and  
Forever You will reign, hey!
