

# Powerful Peace

planetboom

I don't need to fight  
I drop all my weapons  
You hold the victory in Your hands  
There's no need to strive  
When I remember  
That all my world is in Your hands

With You there is peace  
Powerful peace  
That speaks to the storm  
The wind will cease

And I breathe You in  
I can breathe again  
Now every weight is lifted  
It's like nothing else exists  
And I take Your hand  
As You lead this dance  
Every other noise is silenced  
Now my heart can hear You speak

As You say  
Peace, peace be still  
You say to my heart  
Peace, peace be still

Oh my heart be light  
His burden is easy  
I can afford to just let go  
All my soul's delight  
And drink it in deeply  
I am more loved than I could know

With You there is peace  
Powerful peace  
That stands to defy  
Impossibilities

And I breathe You in  
I can breathe again  
Now every weight is lifted  
It's like nothing else exists  
And I take Your hand  
As You lead this dance  
Every other noise is silenced  
Now my heart can hear You speak

As You say  
Peace, peace be still  
You say to my heart  
Peace, peace be still

Peace  
Peace be still  
You say to my heart  
Peace, peace be still

In Your presence  
There is freedom  
In Your presence  
There is fullness of joy  
In Your presence  
My King, Jesus  
Prince of Peace, Mighty God  
I know this is who You are

In Your presence  
There is freedom  
In Your presence  
There is fullness of joy  
In Your presence  
My King, Jesus  
Prince of Peace, Mighty God  
I know this is who You are

And I breathe You in  
I can breathe again  
Now every weight is lifted  
It's like nothing else exists  
And I take Your hand  
As You lead this dance  
Every other noise is silenced  
Now my heart can hear You speak

As You say  
Peace, peace be still  
You say to my heart  
Peace, peace be still

Peace  
Peace be still

You say to my heart  
Peace, peace be still

You say to my heart  
Peace, peace be still

You say to my heart  
Peace, peace be still
