Humble as a lamb
But as strong as a lion
He is God in the highest
And there ain't nothing higher
He can walk on the water
He can talk in the fire
He's the hope of the nations
When it's down to the wire

It's the feeding the thousands
It's the mending the broken
It's the healing the sick
It's the nothing to something
It's the hope for the hopeless
It's the life-changing moments
It's the way that You walk
And You talk and You're alive
