

The Commission

planetboom

I love Your presence
I feel so joyful
Yet while I'm with You God
My heart is broken
I feel a burden
I feel it growing
I've been commissioned by Your Spirit

I can hear the cries of the people
I can feel the weight of the call

Our generation has been searching for You
Our generation has been thirsting for You God
Show us Your glory
We ask for fire to consume this nation
We need a mighty rushing wind from heaven now
Show us Your glory
Show us Your glory

Pour out Your oil
Pour out anointing
Pour out Your Spirit
Let it rain down on me
I'll be Your witness
I'll be Your vessel
I'll be the hands and feet of Jesus

I can hear the cries of the people
I can feel the weight of the call

Our generation has been searching for You
Our generation has been thirsting for You God
Show us Your glory
We ask for fire to consume this nation
We need a mighty rushing wind from heaven now
Show us Your glory
Show us Your glory

You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy
You are holy, holy

Our generation has been searching for You
Our generation has been thirsting for You God
Show us Your glory
We ask for fire to consume this nation
We need a mighty rushing wind from heaven now
Show us Your glory

Show us Your glory

Show us Your glory
Show us Your glory
