

Walk like I'm winning  
Praise like it's finished  
Live with no limits  
'Cause I know You the biggest

You won it all on the cross  
Even death was denied  
It wasn't even close  
We won by a landslide  
'Cause the Lords on my side  
We win every day 'n' night  
Don't care what I sound like  
Success is my birthright

We winning, We winning, We winning  
You did it, You did it, You did it  
It's finished, It's finished, It's finished  
Who the Son sets free is free indeed  
So 1, 2, 3

I'm gonna walk, like I'm winning  
I'm gonna walk, in Your freedom  
I'm gonna walk, in Your kingdom  
Ain't nothing gonna hold me back  
I'm gonna walk, like I'm winning  
I'm gonna walk, in Your freedom  
I'm gonna walk, in Your kingdom  
Ain't nothing gonna stop me now

Walk like I'm winning  
Praise like it's finished  
Live with no limits  
'Cause I know You the biggest

It's in my DNA  
I'm filled with Your glory  
And I always win  
When I follow His calling  
And if God is for me  
Then who can be against me  
Even in the testing  
I know who the best be

Break it down now  
Break it down now  
Okay listen  
I'm gonna say something, you guys are gonna say this:  
We winning (let me hear you say it)  
We winning (say it a little louder)  
We winning  
We winning (oh that feels good, let's get it)

Cause You saved me (We winning)  
Cause You healed me (We winning)  
God is good to me (We winning)  
'Cause You did it, You did it, You did it  
Even in my trials (We winning)

Even in the battle (We winning)  
Even in the hard times (We winning)  
'Cause You did it, You did it, You did it  
When I'm in my school, now (We winning)  
I'll say over my family (We winning)  
No one can deny that (We winning)  
'Cause You did it, You did it, You did it

It's finished, It's finished, It's finished  
Who the Son sets free is free indeed  
So 1, 2, 3

I'm gonna walk, like I'm winning  
I'm gonna walk, in Your freedom  
I'm gonna walk, in Your kingdom  
Ain't nothing gonna hold me back  
I'm gonna walk, like I'm winning  
I'm gonna walk, in Your freedom  
I'm gonna walk, in Your kingdom  
Ain't nothing gonna stop me now
