

Abide With Me

Planetshakers

Come, come, come, I want You
Come, come, come, I need You
More than life itself
More than anything else

Abide with me, oh
Abide with me, oh

Holy Spirit breathe in me, Holy Spirit fill me
I want more, so much more
Holy Spirit move in me, Holy Spirit touch me
I want more, so much more

Come, come, come, my Saviour
Come, come, come, my Healer
Covered by Your love
Safe within Your arms

Abide with me, oh
Abide with me, oh
Abide with me, oh
Abide with me, oh

Holy Spirit breathe in me, Holy Spirit fill me
I want more, so much more
Holy Spirit move in me, Holy Spirit touch me
I want more, so much more

Heaven open, glory fall down, fill us once again
Our hearts are open, longing for You, touch us once again
Heaven open, glory fall down, fill us once again
Our hearts are open, longing for You, touch us once again

Abide with me, oh
Abide with me, oh
Abide with me, oh
Abide with me, oh
