

# All Around

Planetshakers

I got a feeling that I can't explain  
I got a praise in me I can't contain  
There is freedom running through my veins  
'Cause Your love has broken every chain

I wouldn't have made it  
But You came and saved me  
I'm celebrating  
'Cause You've been so good to me

With all I am, I'm gonna praise You now  
Let everything within me praise You now  
As I do, You're bringing heaven down  
The King of kings is all around  
So take it to another level now  
Let His praises be the greatest sound  
As we do, He's bringing heaven down  
The King of kings is all around

In the middle of my circumstance  
Even when my heart don't understand  
I'll rejoice and I'll lift up my hands  
God Your presence is my Promise Land

I wouldn't have made it  
But You came and saved me  
I'm celebrating  
'Cause You've been so good to me

With all I am, I'm gonna praise You now  
Let everything within me praise You now  
As I do, You're bringing heaven down  
The King of kings is all around  
So take it to another level now  
Let His praises be the greatest sound  
As we do, He's bringing heaven down  
The King of kings is all around

Sing your praise to Him and sing it aloud  
Sing your praise to Him who rides on the clouds  
Sing your praise to Him or rocks will cry out  
Come on, come on  
Everybody praise Him now

With all I am, I'm gonna praise You now  
Let everything within me praise You now  
As I do, You're bringing heaven down  
The King of kings is all around  
So take it to another level now  
Let His praises be the greatest sound  
As we do, He's bringing heaven down  
The King of kings is all around
