

Come Alive

Planetshakers

I'm in need of a saviour
To pick me up and lift me high
'Cause In the darkness, You're my guidance
You're bringing me into the light

You make me come alive
You make me come alive
As I'm breathing You in
I feel my soul come alive

In the middle of the valley
I still have a reason why
I keep walking, in Your calling
Jesus You cause me to thrive

You make me come alive
You make me come alive
As I'm breathing You in
I feel my soul come alive

With everything I am
Till the very end
With my life I bring You praise
I will follow You
Where You lead me to
Jesus I will give You praise

You make me come alive
You make me come alive
As I'm breathing You in
I feel my soul come alive

With everything I am
Till the very end
With my life I bring You praise
I will follow You
Where You lead me to
Jesus I will give You praise

You make me come alive
