

## Dance Now

Planetshakers

I'm not holding back  
I've got to give You praise  
With every part of me I'm breakin' out  
I've got to let You know  
That You're my everything  
With every part of me I'll praise you now

And I will dance and sing  
You know I'm gonna shout it out  
For You my King  
'Cause You are all I need now

It's time to get up and dance  
'Cause we're free now  
It's time to lift up your praise  
And shout it out now  
It's time to break off the chains  
'Cause it's a brand new day  
And everything is ok  
Let's dance!

Dance now  
Everybody shout now  
Liftin' up our praise loud  
Dancing in this freedom we know
