

## Devoted To You

Planetshakers

All I want is to see your face  
Shining down on me  
All I want is to touch your heart  
All I want is you

I am completely devoted to you  
My heart is wholly consumed by your love  
I lay down my whole life to bring you praise  
I am wholly devoted to you

Treasure found in the secret place  
Never ending joy  
Healing flows from your throne of grace  
Love restores my soul

Consume me, fill me  
Saturate my soul  
Consume me, fill me  
Come and make me whole  
Consume me, fill me  
Saturate my soul  
Jesus Christ - King on high
