

Free Indeed

Planetshakers

Gotta feeling that
I really need to let go
Of everything
That's weighing me down
Gotta listen to
The voice that I know
You speak to me
And say

I'm free
Never gonna hold me down
'Cause You keep setting me free
And I can feel it all around
'Cause in Your presence I'm free
I'm free

Don't you know that I'm free indeed

When I think of
How my life has been changed
It all comes down
To being with You
And I know that
You are always with me
Lord I believe
With You

I'm free
Never gonna hold me down
'Cause You keep setting me free
And I can feel it all around
'Cause in Your presence I'm free
I'm free

Don't you know that I'm free indeed

I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high

I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high
I'm gonna praise You
With my hands raised high

I'm gonna praise You
With my hands raised high
I'm gonna praise You

With my hands raised high
I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high

I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high

I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high
I 'm gonna praise You
With my hands raised high
