

Here I Am

Planetshakers

Something in my heart
Burning like a fire
I want to live for You

Need Your touch right now
Fill me with Your power
Power to live for You my God

I will not be moved
I will stand for You

I will go where You send me
Jesus take me now I am Yours
I am Yours

Lay my life on the altar
Everything I give to You alone

Here I am
Here I am

Here I am send me
