

Hosanna

Planetshakers

There is no one like our God
No other like our God, for He alone is worthy

There is no one like our King
No other like our King, for He alone is holy

The honor, the glory, the praise O God
Be lifted so high in this place

Lord of all the Heavens
Jesus Christ the Name above all names
Your love is greater
Lord of all creation
I'm taken by the wonder of Your Name
Your love is greater

We cry hosanna, hosanna
Your Name be lifted up
Forever hosanna, hosanna
So high and lifted up
