

# I Remember

Planetshakers

I remember what You did for me  
I remember how You bled for me  
It was the greatest sacrifice  
That You gave up Your life  
I remember what You did for me

But it wasn't over  
For You are greater  
And Your love is stronger

'Cause You're alive  
You rose up from the grave  
You're alive  
Forever You will reign  
Jesus You are greater  
You are Christ, our Saviour

All the pain You had to bear for me  
How You took the greatest fall for me  
All my sin and all my shame  
It took You to the grave  
I remember how You died for me

But it wasn't over

'Cause You're alive  
You rose up from the grave  
You're alive  
Forever You will reign  
Jesus You are greater  
You are Christ, our Saviour

There's power in the blood of Jesus  
There is freedom in His name  
There's resurrection life in Jesus  
He is alive, and He reigns on high  
There's power in the blood of Jesus  
There is freedom in His name  
There's resurrection life in Jesus  
He is alive, and He reigns on high

You're alive  
You rose up from the grave  
You're alive  
Forever You will reign  
Jesus You are greater  
You are Christ, our Saviour

I remember what You did for me
