What a glorious picture
All of heaven united
Singing love with one focus
Lifting up Jesus higher
Holy is the Lord
We're singing holy is the Lord

He is shining with brilliance
Overflowing with beauty
We are all captivated
By the one who is worthy
Holy is the Lord
We're singing holy is the Lord

We join with the angles
Singing powerful melodies
Bringing worship, we're on our knees
Cryin' Holy
All of heaven, giving praise unto the King
With the thunderous voice we sing
For He is Holy
Yeah
Oh He is Holy

What an awesome encounter
As we come and surrender
Giving all of the honor
And all the glory and power
Holy is the Lord
We're singing holy is the Lord.

We join with the angles
Singing powerful melodies
Bringing worship, we're on our knees
Cryin' Holy
All of heaven, giving praise unto the King
With the thunderous voice we sing
For He is Holy, Yeah
Oh, He is Holy

So lift Him up, lift Him up
For He is worthy, the King of Glory
Lift Him up, lift Him up
For He is wholly, God almighty [x3]

We join with the angles
Singing powerful melodies
Bringing worship, we're on our knees
Cryin' Holy
All of heaven, giving praise unto the King
With the thunderous voice we sing
For He is Holy
Yeah

He is Holy [x8]
