

# Never Thirst Again

Planetshakers

I was at the end of myself  
My heart was searching for the truth  
I came to drink from the well  
But the one I was thirsting for is You

The perfect moment  
Exactly where You needed to be  
You came and immersed me  
I realised that You're all that I need  
I realised that You're all that I need

And I love You  
With all my heart  
And I need You  
I came to life  
In Your living waters  
I'll never thirst again  
I'll never thirst again

The moment that Your words hit my heart  
All I was searching for was found  
Beneath the weight of Your love  
All of these walls came crashing down

A brand new beginning  
Exactly who You called me to be  
Refreshed in Your presence  
And now I know You're all that I need  
And now I know You're all that I need

And I love You  
With all my heart  
And I need You  
I came to life  
In Your living waters  
I'll never thirst again  
I'll never thirst again

And I love You  
With all my heart  
And I need You  
I came to life  
In Your living waters  
I'll never thirst again  
I'll never thirst again

In Your rain  
I'm swept away  
Let it fall down on me  
Let it fall down on me  
From head to toe  
Let it flow  
Let it rain down on me  
Let it rain down on me

In Your rain  
I'm swept away

Let it fall down on me  
Let it fall down on me  
From head to toe  
Let it flow  
Let it rain down on me  
Let it rain down on me

And I love You  
With all my heart  
And I need You  
I came to life  
In Your living waters  
I'll never thirst again  
I'll never thirst again

In Your rain  
I'm swept away  
Let it fall down on me  
Let it fall down on me  
From head to toe  
Let it flow  
Let it rain down on me  
Let it rain down on me

Let it rain down on me  
Let it rain down on me  
Let it rain down on me  
Let it rain down on me

Let it rain down, let it rain down  
Let it rain down, let it rain down  
Let it rain down, let it rain down

Let it rain down, let it rain down  
Let it rain down, let it rain down  
Let it rain down, let it rain down

Let it rain down, let it rain down  
Let it rain down, let it rain down  
Let it rain down, let it rain down

Let it rain down, let it rain down  
Let it rain down, let it rain down  
Let it rain down, let it rain down
