

# Only Way

Planetshakers

As the daylight breaks  
You're lighting up my way  
My soul awakes  
To give You all the praise

Oh, I will trust in You  
I will keep praising You through the night  
I put my hope in You  
You are the One who gives me life

You are the way  
Jesus, You're the only way  
It doesn't matter what they say to me  
I believe in You  
And so I praise  
Jesus, I will give You praise  
It doesn't matter what may come at me  
I believe in You

You're taking all my fears  
And filling me with hope  
I know You're near  
Wherever I may go

Oh, I will trust in You  
I will keep praising You through the night  
I put my hope in You  
You are the One who gives me life

You are the way  
Jesus, You're the only way  
It doesn't matter what they say to me  
I believe in You  
And so I praise  
Jesus, I will give You praise  
It doesn't matter what may come at me  
I believe in You

I'm holding on, I keep believing  
No matter what, I keep on singing  
Whoa, whoa  
'Cause every chain, You are breaking  
So my heart, will keep on praising  
Whoa, whoa

You are the way  
Jesus, You're the only way  
It doesn't matter what they say to me  
I believe in You  
And so I praise  
Jesus, I will give You praise  
It doesn't matter what may come at me  
I believe in You
