

Whatever comes, whatever goes  
There is one thing that I know  
You are faithful, You are faithful

So I speak out Your word  
it has the power to change my world  
You're my breakthrough, You're my breakthrough

So I will trust You, I will trust You

You are a never ending river,  
Flowing full of power  
Washing over me  
I will run into the water,  
Jesus take me deeper  
Saturating me

In the midst of despair  
You are God and You are there  
You're always with me, You're always with me

So I will trust You, I will trust You

You are a never ending river,  
Flowing full of power  
Washing over me  
I will run into the water,  
Jesus take me deeper  
Saturating me

I don't care what it looks like,  
I'm diving in  
Nothing will stop this passion,  
I'm praising Him

I don't care what it looks like,  
I'm diving in  
Nothing will stop this passion,  
I'm praising Him

You are a never ending river,  
Flowing full of power  
Washing over me  
I will run into the water,  
Jesus take me deeper  
Saturating me

I don't care what it looks like,  
I'm diving in  
Nothing will stop this passion,  
I'm praising Him
