

# Walls

## Planetshakers

I'm facing challenges but  
But they won't break me  
They're gonna make me  
Because You hold me  
I walk through valleys but they  
But they don't scare me  
Because You're with me  
I've got my mind made up

That I will turn this place  
Into a place of praise  
As I do I know  
You'll bring about the change

This is an offering  
This is a sacrifice of praise  
I give You everything  
Building an altar to Your name  
Right here, right now  
This is where praise breaks out  
Right here, right now  
This is where the walls  
This is where the walls come down

I'm not intimidated  
By what I'm facing  
I got my faith set  
On who I'm praising  
There is a victory  
I'm anticipating  
The walls are breaking  
We'll take the promised land

And I will turn this place  
Into a place of praise  
As I do I know  
You'll bring about the change

This is an offering  
This is a sacrifice of praise  
I give You everything  
Building an altar to Your name  
Right here, right now  
This is where praise breaks out  
Right here, right now  
This is where the walls  
This is where the walls come down

'Cause You're here  
Everything is changing  
'Cause You're here  
Every chain is breaking  
I can be fearless  
'Cause You are here with me

'Cause You're here  
I live in freedom

'Cause You're here  
Lord I believe that  
I can be fearless  
'Cause You are here with me

Right here, right now  
This is where praise breaks out  
Right here, right now  
This is where the walls  
This is where the walls come down

'Cause You're here  
Everything is changing  
'Cause You're here  
Every chain is breaking  
I can be fearless  
'Cause You are here with me

'Cause You're here  
I live in freedom  
'Cause You're here  
Lord I believe that  
I can be fearless  
'Cause You are here with me

I can be fearless  
'Cause You are here with me
