You can scream and shout what i need to hear/ what i need is no
w will you mark it here? (?)
To me bam bam no
You see bam bam no
First the chums you said
you know i don't care for now/
I don't wannabe what you want me to be
To me bam bam no
You see bam bam no
If you care for me if you care for now forget what you see and
look at me right now
To me bam bam no
You see bam bam no
